Models may vary from the image shown

The AK-PMT1 is a medical-grade mouse designed for environments where hygiene is paramount. Featuring an IP68 waterproof rating, it is fully sealed with a silicone cover to prevent the ingress of water and dirt, making it ideal for healthcare and laboratory use. One of its standout features is the 3-button-scroll, which replaces the standard scroll wheel. Unlike traditional scroll wheels, which are difficult to clean and often harbor germs, the 3-button-scroll provides a hygienic alternative that can be easily disinfected. Additionally, the AK-PMT1 is ambidextrous, ensuring comfort and functionality for both right- and left-handed users.
